

Runyan Lake

Livingston County, Michigan

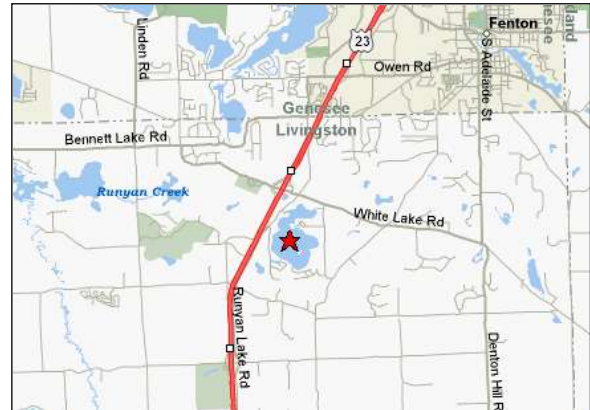

Runyan Lake is a private all sports lake of approximately 180 acres, with no public access. The lake is spring and creek fed, and has a maximum depth of 55 feet.

Location: Tyrone Township, Livingston County, Michigan, ~1 mile south of Fenton, east of US-23, between White Lake Road and Center Road, in the school district of Fenton, Genesee County.

All properties are members of the Runyan Lake Inc. lake association. Properties along Runyan Lake Point, Spring Street, and within Runyan Lake Heights are also members of their respective property owners associations for maintenance of their private roads and communal areas.

Runyan Lake Inc. is responsible for the lake in terms of water quality monitoring and weed control, owns the private boat ramp for use by riparian members, and owns and maintains the small island. The island has a large shallow area around it and is a favorite gathering place for lake users during the summer.

Runyan Lake Inc. also organizes an annual fireworks show around July 4th, and other social events for the lake community.

Properties in the immediate Runyan Lake area are connected to the Livingston County Regional Sewer system, all properties have private wells.

For definition of riparian rights and boating access to Runyan Lake for any specific property in the Runyan Lake area please contact Runyan Lake Inc.
