OTHER SAFETY & LEGAL REMINDERS

Run counter-clockwise

Runyan Lake is small, so most boats run the shoreline when cruising and towing – it is only legal to run the shore line "counter clockwise", I.E. the shoreline must be to the right side (starboard side) of your boat at all times. If you turn to pick up someone who has fallen, look for other traffic and objects before you turn!

Sit properly

When a boat is in motion the driver and all passengers must be seated in proper seats. It is illegal to stand up, sit on the seat backs, or sit on the gunwale, or sit on the front deck of a pontoon boat outside the rails.

Right of way

Powered boats must give way to any sail boat or sailboard /windsurfer. All boats must give way to any other boat approaching from the right.

An observer is required

Any boat towing a skier, wakeboarder, wakeskater, tuber or person on a similar floating device **MUST** have a passenger in the towing boat who is observing the person(s) being towed at all times. PWC's may only be used for towing with an observer on the vessel facing rearward observing the person being towed (i.e. must be a 2-seat PWC with ability for rear passenger to face rearward).

Anchor safely

Runyan Lake is up to 60 FT deep, to be effective your anchor needs to be big enough for your boat, and your anchor line needs to be 3-5 times the depth you are anchoring in – in 50 FT of water you need 150-250 FT of anchor rope!

Boat registration

All boats on Runyan Lake are required to display current Runyan Lake boat registration, and valid MI registration stickers. This is a private access lake, but the MI DNR and the Livingston County Sheriff have jurisdiction.
